After approving all of the temporary arrangements that had been made by those in charge of the banquet, H. L. Baer was appointed to secure speakers for the occasion. Mr. Baer has already canvassed some of the material available and he is sure that he can secure a number of excellent speakers to address the banquet. The banquet

THE BEST PROOF

Calumet Citizens Cannot Doubt It.

Doan's Kidney Pills were used—they cured.

The story was told to Calumet residents.

Time has strengthened the evidence. Has proven the cure permanent. The testimony is from this locality. The proof convincing.

Mrs. George Quirk, 242 W. Albion St., Houghton, Mich., says: "I think Doan's Kidney Pills splendid and recommend them highly. When I had backaches and weak kidneys, I used Doan's Kidney Pills and they gave me immediate relief. For a long time whenever I have felt in need of a kidney tonic I have used Doan's Kidney Pills and always with good results."

The above statement was given August 24, 1910, and when Mrs. Quirk was interviewed on November 3, 1911, she confirmed her former testimonial saying: "I have had no occasion to use a kidney remedy since giving my former statement. The relief Doan's Kidney Pills gave has been permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

HANCOCK BREVITIES.

At the meeting of Pythians held to consider the grand lodge referendum handed down by the grand lodge proposing to raise the per capita tax from 60 cents to \$1 a year, the members voted unanimously in favor of the raise.

Officers for the coming year will be elected at a meeting of the Pewabic temple of honor to be held tomorrow evening. The temple also contemplates putting on a drama in the near future.

Polkinghorne is now serving his first month as pastor at Pewabic and the meeting was held to show the esteem in which he is held by his congregation and to express to him something of the feeling that he has inducted in the short time he has had charge of the congregation on the hill.

The evening was spent listening to a musical and literary program of more than usual merit and in a social session among the members and pastor.

TORCH LAKE

ASSOCIATION OPENING TAKES PLACE THIS WEEK

TORCH LAKE ORGANIZATION PROBABLY WILL BE OPENED WEDNESDAY—ROOMS ARE COSY.

The rooms of the Torch Lake Social & Athletic association will be thrown open to members one day this week, most likely Wednesday. During the past few weeks the members, especially the chairmen of the committees, have experienced a very busy period and the result of their labor shows remarkable headway. There have been no idle moments especially so far the executives connected with the club. Some of the apparatus has been secured and now occupies a place in the room.

The main floor on the street level is to be used for gymnastic purposes. The large room will be used for indoor baseball, hand-ball, basketball and other exercises. Provision has been made whereby those in attendance at the gymnasium will be enabled to procure confections and other things to eat and drink, a stand to be operated in the front of the room but independent of the main floor of the structure. George Spencer will be in charge.

Two Other Good Rooms.

On this floor there are two other good rooms, where the members will have the pleasure of engaging in games less strenuous than those above mentioned. Cards, checkers and other games will be played. There is to be a lounge room on first street side of the building. This has just been freshly painted but will be in readiness for occupancy by the middle of the week.

In the basement, which is commodious and well lighted will be located the changing room and shower baths, all being ready for immediate use. It also is the intention of the organization to have the wrestling mats in the same department of the structure. Everything points to the association being very liberally patronized. The present membership is large and there are scores of others who contemplate becoming members just as soon as the rooms are opened to the public.

HUBBELL WINS SHOOT.

Defeated Painesdale Men by a Score of Thirty-Eight Points.

The members of the Hubbell Rod & Gun club administered another defeat to the members of the Painesdale team at the Hubbell grounds yesterday afternoon, the termination of the shoot placing the Hubbell team thirty-eight points in advance of their opponents. A week ago the local shots had even a better margin of points, having won handsily by forty-eight points. Yesterday was not a very desirable one for a match of this kind as there was considerable of a breeze blowing, making good marksmanship difficult.

The visitors came down with but five men instead of nine as was expected. The local team consisted of Edward Marcotte, John B. Hodges, Edward Hosang, William Ethier and Marvin Hodges. Marcotte carried away the honors for the high score being credited with thirty-five points out of a possible fifty.

This ends the competitive matches for the year owing to the fact that the hunting season opens tomorrow and the members naturally show a preference for live targets instead of clay birds.

TORCH LAKE BREVITIES.

Thomas Smith of Hancock paid the Torch Lake towns a business visit this morning.

Marshal John Pope of Hubbell has his men employed repairing the Duncan avenue sewer, which overflowed from the recent heavy rains.

The barn of the T. & O. at Mills burned down Saturday night but the five horses stabled there were taken out with safety. The actual cause of the fire is not known.

Proud of Title of "Buildup."

It has been said of Prince Leopold of Anhalt-Dessau, one of Frederick the Great's most able generals, "In everything a soldier and an oddity, he was a prince in nothing, save in his love of power." His soldiers called him the "buildup." He liked the name, for it set forth the traits on which he prided himself—tenacity, courage and toughness.

Connecticut prohibits trapping, netting or snaring birds.
